STILL WAIT FOR EXHIBIT ARRIVAL
ROME (AP) — Delegates from Salt Lake City, Utah anxiously awaited the arrival today of their Olympic exhibit — the valuable piece of missing merchandise which could play a key part in the city's bid to win the 1972 Olympic Winter Games.
The exhibit was held up at a London air field because of engine trouble in the plane carrying the display from the United States to Rome.
Telephone calls flew from Rome to London, and London to the United States.
Finally the exhibit was put on a special flight to Milan and then transferred to a truck for the 300-mile journey by road.
The other three cities trying to land the Winter Games — Lahti, Finland, Sapporo, Japan, and Banff, Canada — already had their displays on show at the exhibition center.

Speculation Fever Grows on Exchanges

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—Speculation fever is growing in stock exchanges across the nation. This is shown by the record volume of trading in recent weeks. It is shown even more clearly by the sharp rise in quotations on low-priced stocks where speculators hope for a quick buck. The blue chips have been dawdling.
The speculative bug has bitten the small or amateur investor who often buys in small lots. It also has bitten the professional and institutional investor who has been buying big blocks of supposedly glamorous issues.
And the inroad of the fever has aroused misgivings not only in government circles but also among stock exchange executives and brokerage houses.
May recall that a similar speculative spree in 1961, with little known stocks getting the major play, was followed by a big turnaround in most stock prices in 1962 that hit bottom that June. Since then the market has tended up with only temporary setbacks.
This year the volume of trading has been closely watched. In the first quarter of 1966 a record 540.7 million shares changed hands on the New York Stock Exchange. Big Board officials are quick to point out that the number of shares listed on the exchange has advanced rapidly in the last few years, and that the number of individual stockowners also has grown. But the exchange has several times stepped in to discourage speculative activity in specific issues by raising margin requirements for buying them.
On the American Stock Exchange, where many smaller companies with lower priced stocks are listed, trading volume so far this year has set a record of 307.9 million shares. The previous record for this time of year was 136.6 million just a year ago.
Edwin D. Etherington, Amex president, says the turnover figures and wide price swings of some stocks listed on this exchange show an "unusual degree of speculation."
He notes that the turnover ratio—the number of shares traded as a percentage of the number of shares listed—was running at an annual rate of 82 per cent in the first 10 days of April. In the first quarter of 1966 the rate was 66 per cent. In 1961 its high was 27 per cent, while in 1947 through 1949 the rate was at a low of 11 per cent.
The Amex also has sought to dampen speculation by hiking margins on purchases of wide-swinging issues.
Stock averages that list blue chips hit their price highs in February and then slid off. Since March they have been mostly marking time.
Standard & Poor's index of low-priced stocks, on the other hand, has been climbing fast while blue chips declined. Many of these glamor issues are now selling at much higher ratios of price to earnings than in the case of the seasoned investment issues.

Pressure Within Eyeball Early Sign of Glaucoma

BY WAYNE G. BRANDSTADT, M.D.
Newspaper Enterprise Assn.

Q—What is the purpose of coma but you can find plenty the tonometer test on the other reasons for giving up eye? Should the patient be the habit.

A—The tonometer measures the pressure within your eyes but my vision has not eyeball. Everyone who is over been impaired. My prescription 50 should have this test at tation says to put one drop in least once every two years each eye but I always get because an increased pres-much more in. Will this assure is the first sign of glau-fect my vision? My pupils coma — a frequent cause of have become very small. Does blindness. There is no need this mean my vision is dim-to tell the patient the pres-inishing? My left eye hurts sure reading but he should at times. Should I have it X-certainly be told whether or rayed?

Q—My doctor is giving me Amytal for my nerves. Would this have any effect on glaucoma?
A—Although nervous tension does not cause glaucoma it may aggravate it. Any drug your doctor gives you to reduce nervous tension, if not directly beneficial to your glaucoma, would certainly not make it worse.

Q—Is there a new drug for glaucoma that is given by injection?
A—Many drugs are used in the control of glaucoma. These include eye drops, tablets and injections into the muscles or veins. The latter category would include some of the newer diuretics (drugs to get rid of fluid in your tissues) by way of your kidneys. These will not cure glaucoma but will aid in controlling it.

Q—What is Devic's disease? If a person recovers from it will she get another attack?
A—This is a type of neuritis of the optic nerve in which the myelin sheath that insulates each nerve fiber is lost. In this respect it resembles multiple sclerosis. The cause is unknown. Recovery is the rule but there may be some slight permanent damage with some loss of vision. Recurrence is very rare.

Q—Does smoking aggravate glaucoma? Should one who has had an operation for glaucoma stop smoking?
A—Smoking would not have any effect on your glau-

FAULTY SIGNALS — By Dr. Charles Johnson
Most of us realize how distressing and aggravating interference and faulty signals can be to our TV program. It seems that just as the program is getting good, trouble begins. To many it seems that just as life is going good, sickness plays havoc. Again interference and faulty signals are the culprits. Nerve and spinal test by your family Chiropractor will locate the cause of interference. Specific adjustments will correct the faulty signals. — lifes picture now comes through clear. HELEN HELP US!

by Helen Battel

The Great Divide

Dear Helen: My first letter to you or any newspaper. I hope you have the answer.

Our 13-year-old daughter won't move her hands to get started with any chore around the house until I threaten to give her a slap. Even then it's done so poorly I have to do it over or make her do it, which takes hours. This has been going on since she was old enough to do chores. At the same time, our five-year-old cries to do dishes which of course she can't, being too young.

Our older daughter takes as long as I will give her, even till bedtime, figuring I'll send her to bed and she won't have to do the jobs. She was invited to join a school bowling team, so I said she could join if she did two chores before each session. She couldn't care less, and did a sloppy job, so I didn't let her go. Her day started an allowance for her, but I ended up doing the dishes she was to get paid for, so no money. Boys? No No TV either until she shapes up. It's just about "no nuthin' for her," but still she gets lazier. We're so disgusted we're ready to give up. Can anyone help?

Mrs. D. G.
Dear Mrs. G.: I think you've a homefront Viet Nam on your

Stop pushing and start complimenting. You may think there's nothing to praise, but you'll find good points if you strip off your "battle fatigue" and put on something comfortable, like an understanding smile.

Write out a list of necessary chores (and make it short for the present.) Tack it in her room and say nothing. If they aren't done, ignore them — it won't hurt her to live sloppy for a while. If they are done, don't do them again, even if you have to tie your hands behind your back! Notice what she accomplishes, and never forget the "Thank you, dear's."

And always look ahead to smoother days.

If it's any consolation, Mrs. G., almost every mother figures she has raised a lost cause when the child hits the Unlucky Thirties. . . . And it's the age when so very many kids start letters to columnists. "My parents used to be nice, but now they hate me. . . ." — H.

Doug Sanders Takes Lead in Dallas Tourney

By HAROLD V. RATLIFF
Associated Press Sports Writer
DALLAS (AP) — Doug Sanders, who talks as much as he plays — which turned out to be all the time — set out with a two-stroke lead in the second round of the \$85,000 Dallas Open Golf Tournament today.

Dapper Doug, colorful in tongue and dress, shot a four-under-par 67 Thursday to top the first round and show why he was one of the favorites.

He was playing in his 15th tournament of the year, which is all of them when you consider the fact that he couldn't play in the Azalea Open at Wilmington, N.C., because he was in the Tournament of Champions at Las Vegas that was being run off at the same time.

Sanders is the only "name" player making all the tournaments and he's doing it because he wants to win one of the big ones — something he hasn't yet accomplished.

Sanders has captured three tournaments and been in contention in all the others, and he leads the money-winners for the year.

And he figures he ought to win the Dallas Open since his "good luck piece" — his son Brad, 8 — has arrived to push him on.

"You know," said Doug as he got in some talk talking in the press room after he shot his 67 to take a two-stroke lead over Miller Barber of San Antonio, Ken Still of Tacoma, Wash., and Bob Goalby of Belleville, Ill., "this kid has followed me seven weeks in a row. He flies from Jacksonville, Fla., to my tournaments and travels 30,000 to 40,000 miles a year, all by himself."

Tied at 70 were Bob Duden of Portland, Ore.; Bob Charles of Campbell of Tans, Tenn.; Jacky Christchurch, New Zealand; Joe Cupit of Longview, Tex.; Kermit Zarley of Yakima, Wash.; Larry Ziegler of Normandy, Mo.; R. H. Sikes of Springdale, Ark.; Dow Finsterwald of Colorado Springs, Colo., and amateur Chip Stewart of Dallas.

Final Hour for Kentucky Derby Entries

By ORLO ROBERTSON
Associated Press Sports Writer
Several Kentucky Derby hopefuls reach the hour of decision Saturday in races at Aqueduct, Bowie and Golden Gate Fields.

The results of the Wood Memorial at Aqueduct, the Governor's Gold Cup at tBowie and the California Derby at Golden Gate Fields will go a long way toward determining the opposition for the highly regarded Craustark in the Kentucky Derby at Churchill Downs on May 7.

Two of Saturday's races — the Wood and California Derby — are at 1 1/4 miles. The Gold Cup will be raced over 1 1/8 miles.

Three-year-olds trained by Eddie Nelyo will be favored in the two \$100,000 races. Ogden Phipps' Impressive is the 2-1 choice to measure a probable field of 10 in the Wood and Stupendous, from Mrs. H.C. Phipps' Wheatley Stable, is quoted at the same odds to take the Gold Cup.

Regardless of his showing, Stupendous will not be a Kentucky Derby starter. Nelyo already has made that definite. But a powerful race by Impressive could possibly give Nelyo a representative in the Run for the Roses.

With 10 starters, the Wood will be worth \$113,500 and the winner will pick up \$73,750. The Gold Cup, richest race in Bowles' history, will have a gross value of \$120,500, with \$78,325 to the winner if 13 start as expected.

Eleven were named for the California Derby, giving it a gross value of \$95,100 with \$60,850 to the winner. Four of the field — Postage, Tragnew, Wingover and Fleet Shoe — are eligible for the Kentucky Derby. The favorite, however, is Drin, a noneligible.

Only Handsome Boy of the Wood probables was not nominated for the Derby. He is the 4-1 second choice.

Other highly rated Wood probables include Ua understanding, Throne Room and Buffle. Trainer Max Hirsch also may decide to send out Exhibitionist as a running mate for Understanding.

Challengers to Stupendous in the Gold Cup include the 5-2 second choice, Kauai King, Our Michael, Quanta, Salt Spray and Needle Him.

Marichal Hurks Giants to 5th Straight Win

By MIKE RATHET
Associated Press Sports Writer
Juan Marichal is ahead of last year's pace. He's already won three games — and one fight.

Marichal, who last season tangled with John Roseboro in one of the most celebrated brawls in baseball history, pitched the San Francisco Giants to their fifth straight victory Thursday by checking the Chicago Cubs 5-2 on six hits.

It was Marichal's third straight complete game victory, and emphasized that he is winning his battle to wipe out any mental scars left by the bawling incident that cost him an eight-day suspension and a \$1,750 fine.

But Marichal is just living up to the prediction he made before the season started. "I'll never forget that day," he admitted. "But I don't think it affected my pitching the rest of last season."

"And it won't bother it this year."

However, there were those, such as Philadelphia Manager Gene Mauch, who wondered, particularly when Marichal won only three games and lost four after sitting out his suspension. "You see a lot of scars in bareball," Mauch said. "On the face and the chin and the cheeks, and on the legs and arms. We don't know about this scar. This one might be someplace where you can't see it."

Marichal is proving you can't see what doesn't exist and, although he will never forget that day last year, there is little doubt that the only thing he wants people to remember is his pitching.

In the three victories so far this season, the Giants' ace right-hander has allowed only 16 hits, striking out 23 while walking just two, and allowing only two earned runs for a microscopic .067 earned run average.

The loss was the fifth straight for the hapless Cubs, who announced after the game they had traded pitchers Bob Buhl and Larry Jackson to Philadelphia for outfielders John Hernandez and Dolfo Phillips and pitcher Ferguson Jenkins.

The Phillies, who need pitching help, dropped a 5-4 decision to Atlanta for their third straight loss, while Pittsburgh, which doesn't seem to need any help, edged Cincinnati and Milt Pappas 2-1 for its sixth straight victory and eighth in nine games.

In the only other National League game scheduled, St. Louis edged the New York Mets 5-4. Chicago belted California 8-6 in the only American League game scheduled as rookie Tom Agee scored five runs for the White Sox.

Phillies Figure Trades Will Start Paying

By RALPH BERNSTEIN
Associated Press Sports Writer
PHILADELPHIA (AP) — In acquiring pitchers Larry Jackson and Bob Buhl for his Philadelphia Phillies, John Quinn acted like a general manager who is thinking pennant.

Quinn dealt youth for age. He reached for the one ingredient most experts said might keep the Phillies from the National League flag — pitching depth.

To get it, he gave up 23-year-old Adolpho Phillips, 22-year-old Ferguson Jenkins and 28-year-old John Herrnstein to the Chicago Cubs Thursday.

Quinn, whose reputation as a shrewd trader rapidly is becoming legend, admits he was thinking of today in adding the 34-year-old Jackson and the 37-year-old Buhl to the Phillies' pitching staff.

"We have a solid club," Quinn observed. "But everyone was asking: 'What can we do to improve our pitching; who can we use for a fourth starter?'"

"Well, now we have not only a fourth starter in Jackson, but a fifth in Buhl."

Manager Gene Mauch, of course, wasn't talking about pennants, but he appeared as if he was celebrating Christmas in April. He said:

"These two ideally complement our ball club. If there were any doubts of our pitching depth, Jackson and Buhl rectify that. We'll start Jackson Sunday against Cincinnati, and work Buhl in as a sport starter as soon as we can."

You don't have to be a mental gymnast to grasp the Quinn-Mauch mathematics in the trade. Jackson won 14 games and Buhl 13 last season. If they can repeat or even come close to those figures, the Phillies figure to be rough.

Mauch now has a starting rotation of Jim Bunning, 19-8 in 1965; Chris Short, 18-11; Ray Culp, 14-10; Jackson, 14-21, and Buhl, 13-11. He also has lefty Bo Belinsky and Grant Jackson, a promising young southpaw.

In the bullpen there is Gary Wagner, Roger Craig and Steve Ridzik.

The beauty of the deal from the Philadelphia standpoint is that they gave up three players who would see little service for two starting pitchers. Some experts still are trying to figure how Quinn pried loose Bill White and Dick Groat from the St. Louis Cardinals last winter.

This latest caper has to revive the thinking that the Phillies general manager carries a gun. Herrnstein, who hit .200 last year, had one hit in 10 at bats so far in 1966, striking out seven times. Phillips was hitless in three at bats and Jenkins had worked 2 1-3 innings, giving up 8-6 at Little Rock in 1965 and 2-1 with the Phillies.

Track Star in Beauty Contest

LYNCHBURG, Va. (AP) — Pretty Kathy Switzer's first venture into the man's world of college track brought her a last-place finish, but she feels she was a winner, after all.

"Finishing last didn't bother me," said the Lynchburg College coed after running the mile Thursday against Frederick College. "I was just praying I'd finish, period. I did, so that's one battle I won."

As it turned out, Kathy — a 19-year-old brunette who Saturday night will compete for the "Miss Lynchburg" beauty crown — was just half of the feminine contingent on the Lynchburg team Thursday.

In a surprise to the five-times normal crowd of 400 that showed up for the dual meet, Coach Aubrey Moon entered a sophomore coed, Marty Newell, erick fellow for fourth place in the 880. She beat out a Fredfield of five in the presentable time of 2:31.

Miss Switzer was one of six in the mile run and was clocked in 6:02. She was worried about finishing because her normal distance is the 880, and Miss Newell had pre-empted her spot in that race.

"Kathy and I were nervous at the start," said Miss Newell. "But all the boys were so nice — they made us feel at home. I was depressed at first to finish fourth. But now I've had time to reflect, I'm rather pleased."

Miss Switzer had very little time to do much talking after the Thursday meet. She had lots of running around, of a different sort, to do.

She is sports editor of the college newspaper, the Critgraph, and she had to hurry up and write a story about the track meet. The deadline was only hours away.

Then she had to hasten over to a rehearsal for the "Miss Lynchburg" pageant and learn a few things the other contestants will taught Saturday afternoon.

Kathy will miss the Saturday afternoon pageant session. While the other contestants are being interviewed by the judges, she and Marty Newell will be running for Lynchburg in a track meet against St. Andrews.

Lynchburg won the meet with Frederick 70-54 to 65-54, although neither Kathy nor Marty contributed a point to the victory.

Arkansas Loses for First Time

It was pitchers' night in the Texas League as three worked shutouts and Arkansas joined all others in the loss column.

Jim Ellie hurled a five-hitter at Arlington where Dallas-Fort Worth cashed in on two unearned runs and beat Arkansas 2-0.

Albuquerque moved into a tie with Arkansas for first place when Bill Larkin worked a three-hit job and helped the Dodgers to a 5-0 triumph over Austin.

Don Wilson of Amarillo pitched his second straight shutout in sending the Sonics to a 9-0 victory over El Paso. Wilson's showing this time was a six-hitter.

Frank Montgomery not only was the losing pitcher against Dallas-Ft. Worth but the Traveler hurler's throwing error let in one run and set up another unearned tally.

Larkin had only one anxious moment against Austin. The Albuquerque ace had to pitch out of a bases-loaded situation in the fifth.

John Hoffman, the Amarillo catcher, was the big man with the bat for the night. He hit two two-run homers in the 9-0 victory over El Paso.

Albuquerque goes to Little Rock to play tonight while El Paso is at Dallas-Fort Worth and Austin is at Amarillo.

Missouri State Player to Coach

SPRINGFIELD, Mass. (AP) — Dick Johannimgeler, a former tackle at Southwest Missouri State has been named football line coach at American International. Director of Athletics Joe O'Grady announced Thursday.

Injuries Are Taking Toll on Porkers

FAYETTEVILLE, Ark. (AP) — Arkansas holds a full-scale scrimmage late today, but a pair of defensive standouts who started spring practice won't take part.

All-America tackle Loyd Phillips is hurt and will be "excused from practice for awhile." Coach rank Broyles said Thursday.

And Broyles announced Tuesday that Tommy Sain, a two-year letterman on defense, was quitting football to concentrate on his studies.

Sain had been scheduled to play middle guard, and with his departure Phillips was moved to that position.

Two offensive teams and two defensive units will be used in today's game-type scrimmage. Broyles praised the defense after Thursday's 30-minute scrimmage, saying it had done its best job of spring training.

Paul Ramey hit-ked a punt and Richard Coleman picked off a pass.

David Dickey scored the only touchdown.

Broyles said Tommy Trant-ham hurt his knee, apparently not seriously, but will miss practice for awhile.

He said Phillips hurt his shoulder.

Says Doctors Abuse Use of Antibiotics

By ROBERT HOLTON
NEW YORK (AP) — A noted pediatrician who pioneered in the treatment of "blue-babies" said today some doctors are abusing the use of antibiotics for children.

"There is no denying that the introduction of wonder drugs has changed the practice of medicine," Dr. Willis J. Potts said in an interview. "But there are too many instances where the administration of such drugs

to children is being abused." Noting that a patient may build up an immunity to wonder drugs, he advised that they "should be used sparingly — or else, you will destroy their usefulness."

Dr. Potts, a native of Sheboygan, Wis., who is now retired, made medical history 20 years ago when he performed an operation on a 21-month-old "blue-baby" girl that allowed more blood to flow from her heart to the lungs.

The girl, Diane Schnell, of Westbury, N.Y., is an art student today at the New York Institute of Technology. "She was as blue as a blotter when I first saw her," the doctor recalled. "Look at her

today. She's normal and would have died in a few weeks if we hadn't operated on her."

Miss Schnell plans to attend the launching this week of a new book by Dr. Potts entitled "Your Wonderful Baby."

"I answer most of the questions anxious mothers usually ask about their children," Potts said. "And I try and show them how foolish it is in many cases to get all worked up and call the doctor in the middle of the night when the child may be suffering just some everyday ailment that will go away with proper care at home."

On the subject of wonder drugs, Dr. Potts said they "don't do one bit of good in battling a common cold or a minor

virus. The physician should make certain before prescribing such drugs that the case warrants it."

Soldier Receives Derby Tickets

LOUISVILLE, Ky. (AP) — When Donald Hopkins opened the letter from Viet Nam out dropped two tickets to the Kentucky Derby May 7.

The tickets were sent by Emil Heinen, an Army special adviser.

Heinen, an old friend of Hopkins and his wife, wrote: "I don't think I'll get to use these this year. Have a good time. Just be sure you think about me and drink a julep for me."

CERTIFIED PUBLIC ACCOUNTANTS

1500 TOWER BUILDING

LITTLE ROCK, ARKANSAS 72201

The Board of Directors
City of Hope, Arkansas:

We have examined the following financial statements of the City of Hope, Arkansas as of December 31, 1965 and for the year then ended:

Consolidated Receipts and Disbursements
General Fund Receipts and Disbursements
Health Department Receipts and Disbursements
Airport Fund Receipts and Disbursements
Street Fund Receipts and Disbursements
Sewer Revenue Bond Fund Receipts and Disbursements
Sewer Revenue Bond Fund Balance Sheet
Firemen's Pension Fund Receipts and Disbursements

Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the above mentioned statements present fairly the cash position of the City of Hope, Arkansas at December 31, 1965 and the results of its recorded cash transactions for the year then ended, on a basis consistent with that of the preceding year. The current year's supplementary data included in Schedules 1-10 have been subjected to the same auditing procedures and, in our opinion, are stated fairly in all material respects when considered in conjunction with the basic financial statements taken as a whole.

Life in Arkansas

By J. C. TILLMAN
Associated Press Writer
Gregory Selig of Conway did a double take the other day when he passed a downtown and glanced at the mannequin in the window.
She waved at him.
Then he found out what had surprised a lot of other Conway residents.
The mannequin was a member of the Red Stocking Follies, Mrs. John P. McConnell. The Conway Junior Auxiliary used the stunt to promote the follies held at Hendrix College.

A Paragould youngster was happy with his family's old car, thank you.
When the family bought a new auto, he rebelled. What he protested was the switch from a station wagon to a sedan.
"I've been riding in that station wagon all my life, and now in that new one nobody will know me, moaned Jimmy Don Gingerich, 9.

Another Paragould youngster got his names mixed up in advising his younger brother what was on television.
When the six-year-old asked if it would be all right to turn on the set, the nine-year-old sage advised, "No use. Nothing's on but the Ventricle quartet."

A De Queen couple seems to run into "home folk" wherever they go.
When Mrs. Lynda Flemmons Smith and her husband, L. H. W. Smith, were en route from De Queen to Ft. Ord, Calif., they stopped at a motel in Yuma, Ariz.

A fellow guest noticed their home town registration and told them he was from Washington, Ark.
Then as they were moving into their apartment in Monterey, the Welcome Wagon lady called on them. When Mrs. Smith mentioned De Queen the caller smiled at her and said, "Yes, the home of the De Queen Bee."

She was from McAlester, Okla., but knew a lot about the Southwest Arkansas town.

THE BORN LOSER

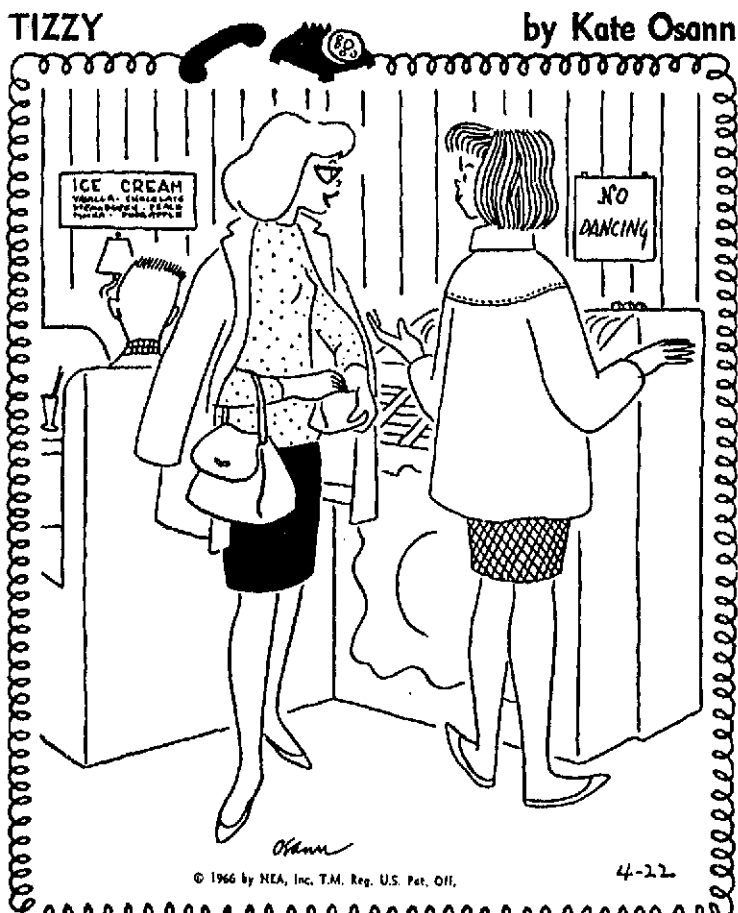

By ART SANSON

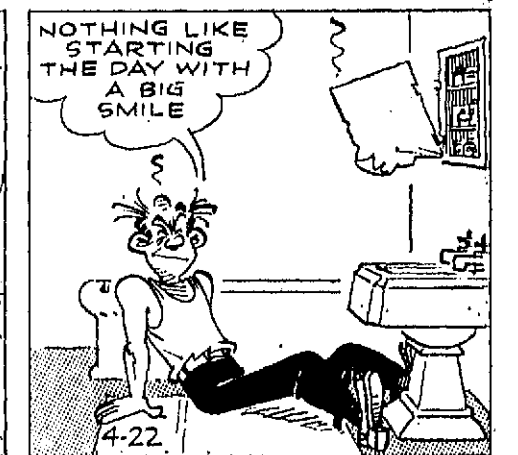

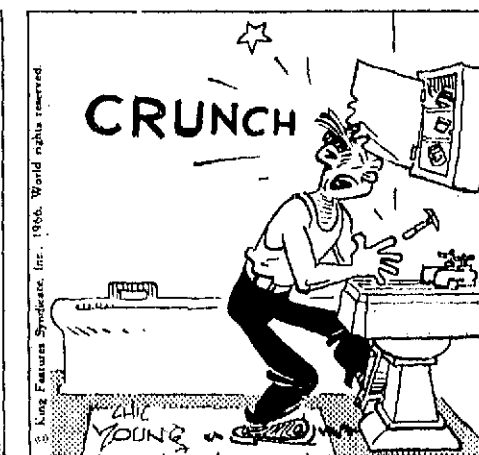

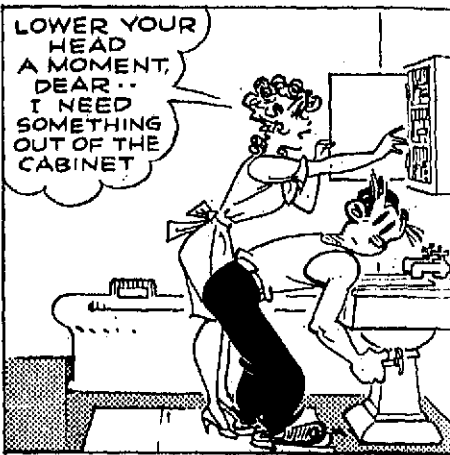

The best guess as to how big the American Indian population was in the 16th and 17th centuries is about 15,500,000. This population probably spoke more than 2,000 separate languages. In California alone there were more than 20 distinct language groups, more than in all of Europe.

We doubt if there is any player in the world who always makes the best play. We mean the best play from the standpoint of results per thousand hands—not just the result for the particular hand he happens to be playing. No one can be 100 per cent right in practice.

If you remember yesterday's hand you will note that today we have exactly the same North cards and almost exactly the same South cards. The only difference is that South has slightly lower spot cards in hearts. He decides to open with three hearts only and receives the same diamond opening and diamond return.

Now suppose you are South. You see that you will make your contract if you can get away with the loss of only two heart tricks. You lead out the ace of hearts and drop the four and deuce so that at this point you miss the king, jack nine and eight.

You can't get away without losing at least two heart tricks. Which card should you play to give yourself the best chance to lose only two?

You note that any play succeeds if the remaining hearts are divided 2-2, and that no play will work if divided 4-0. You also realize that if either opponent holds a singleton nine or eight, no play will work.

Thus your play can only mean something if you are playing against either a singleton jack or king and a little study will show that a low card play will hold you to two losers against either of those singletons. The queen play will cost you against a singleton king and the ten against a singleton jack. Hence either a queen or ten lead is a nothing play. A low card lead is correct.

LEGAL NOTICE

LEGAL NOTICE
ORDINANCE NO. 815

An Ordinance Whereby the City of Hope of the State of Arkansas and the Southwestern Bell Telephone Company, a Missouri Corporation, agree that the Telephone Company shall continue to operate its telephone system and all business incidental to or connected with the conducting of a Telephone Business and System in said City, and Erect and maintain its Plant Construction and appurtenances along, across, on, over, through, above and under all public streets, Avenues, Alleys, Public Grounds, and Places in said City, that the City shall receive an annual payment from the Telephone Company and repaying all Ordinances and Agreements in conflict herewith.

WHEREAS, the City desires to enact and impose upon the Telephone Company a tax which shall be in lieu of all other licenses, charges, fees or special taxes other than the usual general or special ad valorem taxes and

WHEREAS, the City recognizes and concurs in the purpose and intent of an order of the Arkansas Public Service Commission entered on December 10, 1957, in Docket U-1281 relating to the treatment by the Telephone Company of all City special taxes;

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Hope, State of Arkansas that:

SECTION 1. The Southwestern Bell Telephone Company, its successors and assigns (herein referred to as "Telephone Company") shall continue to operate its telephone system and all business incidental to or connected with the conducting of a telephone business and system in the City of Hope, State of Arkansas, (herein referred to as "City"). The plant construction and appurtenances used in or incident to the giving of telephone service and to the maintenance of a telephone business and system by the Telephone Company in said City shall remain as now constructed, subject to such changes as may be considered necessary by the City in the exercise of its inherent powers and by the Telephone Company in the conduct of its business, and said Telephone Company shall continue to exercise its right to place, remove, construct and reconstruct, extend and maintain its said plant and appurtenances as the business and purpose for which it is or may be incorporated may from time to time require, along, across, on, over, through, above and under all the public streets, avenues, alleys, and the public grounds and places within the limits of said City as the same from time to time may be established.

SECTION 2. The Telephone Company shall pay to the City on or before March 1, 1966, for the period January 1, 1966, to December 31, 1966, inclusive, and thereafter for like periods on or before each March 1 an amount determined by multiplying the number of telephones within the corporate limits of the city as of the last day of the preceding year by the sum of \$.91.

SECTION 3. The annual payment herein required shall be in lieu of all other licenses, charges, fees or impositions (other than the usual general or special ad valorem taxes) which may be imposed by the City under authority conferred by law. The Telephone Company shall have the privilege of crediting such sums with any unpaid balance due said Company for telephone services rendered or facilities furnished to said City.

SECTION 4. The Telephone Company on the request of any person shall remove or raise or lower its wires temporarily to permit the moving of houses or other structures. The expense of such temporary removal, raising or lowering of wires shall be paid by the party or parties requesting the same, and the Telephone Company may require such payment in advance. The Telephone Company shall be given not less than forty-eight hours advance notice to arrange for such temporary wire changes.

SECTION 5. Permission is hereby granted to the Telephone Company to trim trees upon and overhanging streets, alleys, sidewalks and public places of said City so as to prevent the branches of such trees from coming in contact with the wires and cables of the Telephone Company, all the said trimming to be done under the supervision and direction of any City official to whom said duties have been or may be delegated.

SECTION 6. Nothing in this Ordinance contained shall be construed to require or permit any electric light or power wire attachments by the City or for the City. If light or power attachments are desired by the City or for the City, then a separate, non-contingent agreement shall be a prerequisite to such attachments.

SECTION 7. Nothing herein contained shall be construed as

giving to the Telephone Company any exclusive privileges nor shall it affect any prior or existing rights of the Telephone Company to maintain a telephone system within the City.

SECTION 8. All other ordinances and agreements and parts of ordinances and agreements relating to the operating of or right to operate a telephone system within said City are hereby repealed.

SECTION 9. The said Telephone Company shall have sixty (60) days from and after its passage and approval to file its written acceptance of this Ordinance with the city clerk, and upon such acceptance being filed, this Ordinance shall be considered as taking effect and being in force from and after the date of its passage and approval by the Mayor. The Ordinance shall continue in effect and be in force until terminated by the City or the Telephone Company as of the end of any year after giving one (1) year's notice of intention to terminate.

Approved this 12th day of April 1966.
J. B. Gardner, Mayor
Frances S. Reynerson,
City Clerk
April 22, 1966.

Start in League Very Successful
ARLINGTON, Tex. (AP) — The Arkansas Travelers climbed atop the Texas League standings Wednesday night by beating Dallas-Fort Worth 4-2.

Arkansas has five victories for five starts in its new baseball loop.
Larry Stubing homered and Lloyd Wicker doubled, each getting a run batted in, and the other two runs came on errors.

Singles brought home the two Spur runs off right-hander Brian Sinnott.
Only 802 persons braved the chilly weather to watch the game, the smallest crowd in Turnpike Stadium's short history. Last year the Spurs led the minor leagues in attendance.

Record Turkey Kill Reported
By THE ASSOCIATED PRESS
LITTLE ROCK (AP) — Arkansas hunters reported a record turkey kill in the first half of the 1966 season, the state Game and Fish Commission said Wednesday.

The commission said about 900 gobblers had been killed, compared to 531 in the first half of the 1965 turkey season.

Patrick Henry was the first governor of the Commonwealth of Virginia.

SNCC Wants No Part of Hearing
LITTLE ROCK (AP) — Rev. Ben Gringage, Arkansas director for the Student Nonviolent Coordinating Committee, said Wednesday that SNCC would not take part in a hearing on civil rights Saturday at Forrest City.

Gringage said the U.S. Civil Rights Commission was trying to avoid SNCC's charge of fraud in Arkansas elections. He said it consistently tried to inject other issues into the situation and thus take away the emphasis from the original issue of vote fraud.

The Arkansas Advisory Committee of the commission is holding the hearing to see how the 1964 Civil Rights Act is being carried out in the state. The committee said last month that SNCC is allegation about vote fraud was one of the reasons for calling the meeting.

Six points are up for grabs in a SWC golf match, and the difference between Arkansas and fourth-place Rice is one and one-half points. Arkansas has 22 points for the season.

Baylor trails the Razorbacks by a half-point and Texas is third, one point back of Arkansas.

Texas handed Arkansas its only loss of the season, 3 1/2-2 1/4. In other season closers, Texas meets Rice and Baylor plays fifth-place Texas Christian.

Tight Fit

Some parents have been heard to take critical positions on the variable subject of fashion among youth. A woman's clothes designer, Mr. Walter Holmes of Chicago, may have provided a clue, however, through which the more daring and critical parent may do something about his or her offspring's apparel.

Mr. Holmes advises, for instance, that current "knee-out look" in women's wear is for ages 30 and under. And he adds that if mother insists on copying this innovation, "youth will begin avoiding it like a plague."

We aren't prepared to suggest how parents whose general outlook has broadened considerably over the years will go about smuggling into some of the more popular youth attire. Mr. Holmes didn't tell us that. — Birmingham (Ala.) News

John Doe Can Read — But Doesn't

According to a poll by the American Institute of Public Opinion book reading in the U.S. has reached the highest level in eight years. Even so, that level is surprisingly low.

In the recent survey, 23 out of a hundred said they had read a book during the month before being interviewed. Seventy-seven had not. This is curious in view of the fact that nearly 50 per cent of the adult population of the U.S. has a high school education or better.

It can't be a dearth of books. In hard-back or paper-back form more books are being poured off the country's presses than ever before. It can't be unavailability, not with the wealth of public libraries, bookmobiles, private leading libraries and book stores within easy reach of nearly every citizen.

The small percentage of book readers may have something to do with a feeling expressed the other day in a curbside exchange of comments. One woman shopper asked another if she had read any good books lately. The reply was, "Oh, have there been any?" — Nashville (Tenn.) Tennessean

Just Don't Tell Him It's Safe

A safer automobile may not be the answer at all. Indeed, the safer it is, the more dangerous it may be to say so; and the better it is designed to be fool-proof, the more the fools may strive to test its capabilities.

That is part of the trouble now, we think. Because an automobile does not fly apart at 50 miles per hour, too many people have the idea it was designed and built for flying. Because its brakes are, in fact, far better than they used to be, too many people have the idea they can stop anywhere, anytime, just short of disaster. And because modern medicine often works wonders, too many people have convinced themselves that it can raise the dead.

Our own idea of a really safe automobile would be one built largely of tin, cut glass, reinforced paper and rubber bands. It would shriek with danger at every revolution of its spring-driven motor. A man would look at it and say to himself, "By golly, if I expect to get back in one piece, I'd better be careful," and drive accordingly. He does not say that now and sets out, unknowingly, for the cemetery. — Charleston (W.Va.) Daily Mail

American Toll in Viet Nam Increasing

WASHINGTON (AP) — The Defense Department reports that more U.S. servicemen have been killed in combat in the first anything away from the many 3 1/2 months of this year in Viet community services these reveal all of 1965.

Figures released Thursday show that 1,427 men were killed through April 16, while combat deaths for last year stood at 1,365.

Officials also reported that the number of U.S. servicemen killed in combat since Jan. 1, 1961, has reached 3,047. In the week ended last Saturday, 89 American fighting men were wounded in action since 1962 reached 15,663 by the end of last week. More than half — 8,229 — were wounded since January of this year.

City of Hope Very Well Off Financially

The annual audit of the operations of the City of Hope, recently completed by Pete Marwick, Mitchell and Company Certified Public Accountants, which is carried in this issue, shows the City of Hope winding up the year 1965 in the best financial position in its history.

There was even a surplus in the Street funds, leaving \$21,000 to carry forward into the 1966 Street Budget. The increase in the Street Department funds was due to increased turnback of State Gasoline Taxes and from payments made by property owners toward the cost of new paving. This surplus, together with increased revenues provided a budget for the Street Department for the coming year which is 50 per cent higher than for last year.

A new Motor Grader and Street Flusher have already been purchased and the increased budget provides for five additional laborers which will give the Street Department a better program of street maintenance.

Revenues from the Health Program liked about \$14,000 covering the cost of this operation. Total fees from the Health Department amounted to \$45,000 while the operation of the department came to \$59,000. The principle item of expense is the removal of trash and garbage and the operation of a sanitary landfill for burying trash but all health department activities are charged to this department.

In the Water and Electric Department, revenues were the highest they have ever been, showing a continued growth 3 1/2 per cent. Total bonds outstanding against the systems have been paid down to \$273,000 and the systems have surplus funds of \$400,000 invested. The average interest rate on the outstanding bonds is 2 1/2 per cent, while the surplus funds are earning 3 1/2 to 5 1/2 per cent. There would be no point in paying off these low interest bonds. The systems are actually debt free.

The Utility Systems increased cash position by about \$75,000 during the year, after contributing over \$200,000 to other community services and project. Free services to public schools and other city and community activities amounted to \$65,000 and \$75,000 was transferred to the City for general operations.

Property was bought for the Vocational Trade School site at a cost of \$6,000 and \$15,600 was spent to provide a Field Track for Hope High School. The Water and Light Plant furnished all the local money, \$20,000, for the expansion of the Hempstead County Library, and \$18,500 to provide a new recreation building at City Park.

The City had to replace 84 hundred feet of 18" sewer pipe which is the outfall line from the City to the Westside Sewer Plant and the Water and Light Commission picked up the cost of \$68,434 out of surplus funds, otherwise the sewer department would have had to issue bonds to cover the cost. As a matter of bookkeeping, the sewer department is supposed to pay this back into utility funds.

City Manager, Garland Medders says that Hope is undoubtedly in the best financial condition of any city in the State. The earnings from the Utility Systems are providing many services that other small cities just cannot afford. The Water and Light Commission, on March 1, reduced electric rates by a total of \$55,000 a year to give the Hope electric service lower than Defense Department reports that more U.S. servicemen have been killed in combat in the first anything away from the many 3 1/2 months of this year in Viet community services these reveal all of 1965.

Water Firm to Sell Properties

LITTLE ROCK (AP) — ABC Water Co. of Barling asked the state Public Service Commission Tuesday for permission to sell its properties to the City of Fort Smith for \$386,420.

Also, the commission received an application from the General Telephone Co. of the South-west of San Angelo, Tex., to issue \$9 million in first mortgage, 30-year bonds to refinance outstanding debt. The firm operates in parts of Arkansas

Artificial Heart Works on Patient

By MAX SKELTON
HOUSTON, Tex. (AP) — A 65-year-old patient with a partial artificial heart may have suffered some brain damage after a dramatic operation to save his life, doctors said today.

However, almost 24 hours after the device — about the size of a grapefruit — was implanted inside the man's chest his condition was generally reported as satisfactory.

Physicians feared there may be brain damage because the patient, Marcel L. DeRudder of Westville, Ill., had not regained consciousness.

Surgeons placed the device — no larger than a grapefruit — outside the man's chest and expressed the hope it would provide a breakthrough to prolong the lives of thousands of other heart victims.

A team of noted specialists from Baylor and Rice universities headed by Dr. Michael E. DeBakey, 57, performed a six-hour operation Thursday at Methodist Hospital on the damaged heart of Marcel L. DeRudder of Westville, Ill.

Doctors hope it may add years to DeRudder's life. The latest hospital advisory said the patient was "exhibiting no evidence of heart failure and everything was progressing most satisfactorily."

However, DeRudder was still not considered out of danger with the next 12 to 24 hours considered critical for him.

"We definitely now keep a close eye on him," said DeBakey in an interview.

Gov., Mrs. Faubus Read Delegation

CAMDEN, Ark. (AP) — Gov. and Mrs. Orval Faubus will lead an Arkansas delegation of 50 persons at a presidential ball April 28 at Houston, Tex., it was announced Thursday night.

Mrs. Jack Carnes, Democratic national committeewoman for Arkansas, said the ball would be for persons from five states. The others are Texas, New Mexico, Oklahoma and Louisiana.

Instead of having one presidential ball, President and Mrs. Johnson will attend five regional events. Mrs. Carnes said the first one is at Houston, in the President's home state.

LBJ's School Lunch Slash Hits Trouble

By WILLIAM F. ARBOGAST
WASHINGTON (AP) — President Johnson's proposals for cuts in spending for some popular domestic programs — such as free school lunches and milk — ran a foul of the House Appropriations Committee today.

In a move expected to be upheld by the House, the committee refused to approve cuts of about \$128 million proposed by the President.

Its recommendations were included in the annual appropriation bill for the Agriculture Department, which the House will consider next Tuesday.

The bill's total of \$6,909,027,000 to operate the department for the fiscal year starting July 1 is \$113,811,000 less than the President requested for all departmental activities but \$527,578,500 more than was appropriated this year.

A large part of the committee cut — if not all of it — was in the nature of a bookkeeping transaction. The committee proposed the use for general purposes of some departmental revenues which normally would have been turned to the Treasury. These revenues come mainly from the department's 30 per cent share of customs collections.

The committee took these actions: Added \$82 million to the \$21 million requested by the President for the special milk program which provides free milk for poor children and milk at a nominal charge for other school children.

Fire Claims 6th Member of Family

SAN ANTONIO, Tex. (AP) — Otis Eugene Gulley, 13, died here Thursday of burns suffered in a fire that took the lives of five of his brothers and sisters at their home in Wynne, Ark., April 13.

Otis Gulley and his mother, Mrs. O. D. Gulley, escaped with critical burns when fire destroyed their two-story farm home.

The father, who is in the Navy, was aboard an aircraft carrier in the Atlantic at the time of the fire. Gulley formerly was a Navy recruiter at Russellville.

Mrs. Gulley, listed in serious condition with burns over 70 per cent of her body, and Otis were taken to a Memphis hospital, then transferred to a special burn treatment center here.

The Otis children who died in the fire were Ronald, 3 weeks; Kevin D., 2; Carl Devon, 6; Lucilla Ann, 7; and Donald Wayne, 12.

Weather to Get Some Warmer

By THE ASSOCIATED PRESS
Arkansas' weekend weather will be slightly warmer, the U. S. Weather Bureau said today, with cloudy skies and a chance of rain showers.

There will be slight temperature rises Sunday as rain ends, the bureau said.

Overnight low readings in the upper 40s and the lower 50s were forecast for tonight with daytime temperature remaining in the 50s and 60s through Saturday.

Showers will progress eastward to cover most of the state by tonight, with up to one inch of rain predicted, the bureau reported.

Maximum temperatures Thursday ranged from 51 degrees at El Dorado to 66 degrees at Fort Smith. Overnight low readings ranged from 43 degrees at Fayetteville to 53 degrees at Little Rock.

Memphis had 0.2 inch of rain, El Dorado and Pine Bluff each a trace during the 24-hour period ending at 6 a.m.

Arkansas to Idle 400,000 Cotton Acres

LITTLE ROCK (AP) — Arkansas farmers plan to plant less than a million acres in cotton this spring, idling almost 400,000 acres under a federal program to reduce surpluses of the crop.

Last year 1,248,000 acres were planted in cotton in the state and current surveys show Arkansas will put only 920,961 acres to cotton this year, a reduction of 28 per cent.

Government payments are being offered to growers who underplant their individual acreage allotments by at least 12.5 per cent.

So far, 33,829 of 35,125 Arkansas farms which have cotton allotments have signed up for the program, and these operators plan to cut their planting of cotton by 359,349 acres.

Nationally, the reduction in cotton planting is expected to be 31 per cent.

Greek and Huge Diamond Sought

ATHENS, Greece (AP) — Police are combing Athens for an elusive Greek and a huge diamond he allegedly helped steal in Brazil.

An Athens newspaper said it had word the stone had been found and was a lump of crystal, not a diamond. But a Brazilian policeman and Athens authorities said they were still looking for a 450-carat diamond the size of a table tennis ball and for Efstratios Koslides.

The Brazilian, Juan Asumayo Nogueira, said the diamond was the fourth largest in the world and was worth \$2 million.

Brazilian authorities have accused Koslides, another Greek and a Syrian of stealing the stone.

Fired Employee Asks Probe of Highway Com.

LITTLE ROCK (AP) — The state Highway Commission chairman, Wayne Hampton, said Thursday he had no objections to a fired employee's call for an investigation of the commission.

James G. Meredith Jr., former chief of general services for the state Highway Department, proposed a "full-scale, unbiased, independent investigation of Highway Commission affairs."

He said such an investigation is the only means of returning the department to the status intended by the Mack-Blackwell Amendment.

The amendment established the Highway Department as an independent state agency under the supervision of an independent commission.

Meredith was fired Tuesday by the commission after it said he refused to answer questions in connection with illegal salary increases within the department, and about a pickup truck given to Mack Sturgis who stepped out of the Highway Director post April 1.

Meredith said the commission interview of him gave him a "sense of harassment rather than any sincere attempt to obtain facts on the pay raise the commission said Meredith had been treasurer for a collection to raise money for the pickup truck."

"If there is any honest doubt in anyone's mind," Hampton said in reply to Meredith's call, "I would welcome an investigation."

"I haven't done anything that didn't remind them," Meredith said. "The commission did not put these raises in effect and we have Audit Committee could not been dragged into this. I'm sure an investigation would clear up a lot of questions in all our minds," Hampton said.

Earlier in the day, Atty. Gen. Bruce Bennett said the Legislative Audit Committee could not investigate the pay raises because he said they were not fiscal affairs, the committee's investigative limit.

Committee Chairman Rep. Sterling Cockrill Jr. said he disagreed.

Bulletin

LITTLE ROCK (AP) — Poinsett County Rep. W. H. Thompson asked the Legislative Council today to undertake a full-scale investigation of all phases of the operation of the Arkansas Highway Department.

Thompson's request was filed with the council as the Legislative Audit Committee met in Washington, Ark., to discuss whether to investigate the fiscal side of Highway Department affairs.

Under council rules, Thompson's proposal was placed on the agenda for action at the May meeting.

Marines Kill 257 Reds, May Wipe Out Unit

By THOMAS A. REEDY
SAIGON, South Viet Nam (AP) — U.S. Marines and South Vietnamese troops threatened today to wipe out an entire Communist regiment after killing at least 257 Reds in the bloodiest fighting in a month.

Backed by artillery and air strikes, the allied battalions nailed down the mixed North Vietnamese-Viet Cong force in the scrub hills 10 miles northwest of Quang Ngai on the northern coast.

Blocking units moved in to cut off a Communist flight to the mountains in the east. U.S. officers reported from the battlefield that the Communists were caught in a trap and said the fighting was continuing.

The Communists set up a blaze of automatic-weapons fire from the villages of Binh Back and Chau Nham, but the Leathernecks took both in their eastward drive. The rain of steel from the air reduced Communist ground fire to a minimum on the second day of the allied strike.

The battle brought government troops into a big action for the first time after weeks of political crisis.

Rebsaman to Enter Race for Governor

LITTLE ROCK (AP) — A wealthy businessman who says he thinks it is morally wrong to spend a million dollars trying for a \$10,000-a-year job plans to get into the governor's race today.

Raymond Rebsaman, 68, of Little Rock surprised a lot of people Thursday night when he said he would file as a candidate in the Democratic primary.

His name had not cropped up among the many mentioned as possible candidates.

He will become the fifth Democrat seeking the governorship.

The others are Mississippi County Rep. Kenneth Sulcer, former Justice Jim Johnson, former Congressman Brooks Hays and Winston Chandler, a Little Rock businessman.

Two other Democrats often mentioned as candidate material — former Congressman Dale Alford and 3rd District Prosecutor Sam Boyce — have promised to tell their political plans Saturday.

Rebsaman said he had been considering the race since Gov. Orval Faubus announced he would not seek a seventh term.

He said he was running for governor because he wants to help guide Arkansas toward a better future and thinks it is on the verge of getting one.

"The state of Arkansas is big business," Rebsaman said.

"We need a lot of imagination and organization for proper development," he said, adding that he has the time, interest and energy to devote to the governor's job.
